

# Cordstrap AnchorLash®

## Secure light and medium weight cargo loads

AnchorLash® is the versatile solution for light to medium loads. Using the strongest existing anchor points within the container, AnchorLash® can adapt to your specific cargo, whether that's carton boxes, plastic drums, big bags or other soft packaging, providing cargo protection on any modality or route.

Designed to be quick and easy to apply consistently, with color-coded lashing to easily show the order that the pre-cut lashing should be applied and optional snap hooks to further speed up application. It's delivered in packaging that contains everything you need to secure one container, minimising preparation time, so one person can secure a container in minutes helping to reduce load times and costs.

At Cordstrap, we are committed to supporting and driving safety in our industry. The AnchorLash® solution provides CTU Code Compliant cargo protection, supporting your responsibilities when shipping nationally or internationally. We know that each customer has specific requirements, and will therefore work closely with you to understand your business needs, and your cargo variables – type, weight, transport mode, route, so that we can calculate and advise on the best securing solution for you.

Cordstrap AnchorLash® protects your cargo, your people and your brand

### SAFE & SECURE

High quality lashing solutions secure cargo to prevent movement within the container, protecting both the cargo and ensuring the safety of everyone involved in the supply chain.

### TIME & COST EFFICIENT

Designed to be easy and quick to apply consistently, saving time and cost during loading and application.

### COMPLIANT

All Cordstrap lashing solutions are CTU Code compliant and have independent witness verification.

## Cordstrap Container Solutions: AnchorLash® Range

	Standard	SH (Snap hook)
AnchorLash® 105.3	3 pairs of colour coded horizontal lashings with a stitched loop at the end to attach to the container anchor point, and 3 buckles	3 pairs of colour coded horizontal lashings with a snap hook to attach to the container anchor point, and 3 buckles
